Dear bride and groom

The elemental forces of nature show themselves almost nowhere so archaic, unleashing and real. A natural spectacle in a class of its own, as if in a huge cauldron of the elements, where the sky and the rock, the water and the sun meet. The result: a natural cinema in which the weather kitchen shows its performance in front of a unique high mountain backdrop, unspoilt, all-encompassing, uninfluenceable, in which we humans shrink to crumbs of a great whole.

On a small clearing, opposite the Gelmerbahn, the steepest open funicular in Europe, lies the Hotel and Nature Resort Handeck surrounded by field, forest and meadow. A special place for a hearty celebration with your loved ones in the midst of rugged nature.

The Historic Alpine Hotel Grimsel Hospiz sits enthroned further up on the Grimselnollen in the midst of the granite landscape. Timeless and majestic with its red window beams, the hotel is a relic of the past as well as the origin of hydroelectric power.

These islands of power, honesty, elegance and authenticity belong exclusively to the wedding party for this evening. What other places have a more powerful symbolism to celebrate the bond of marriage?

We are pleased that you have found us in your search for a suitable wedding venue.
